As a family company closely connected to and actively farming we appreciate the constant challenge of increased business costs.

We at KiwiKit are trying to hold our prices as much as possible by looking at improved buying whilst maintaining the quality we aim to offer.

Currency changes are adversely effecting purchase of stock but we continue to try to minimise increases to our customers as much as possible.

We do however, reserve the right to change the pricing where necessary due to circumstances beyond our control. Goods remain the property of KiwiKit Ltd until fully paid for.
